Youngsters Have Won Three Games, and Are Improving With Each Day.

Bedford City. Va., October 19 .- After three weeks of hard practice, the Randolph-Macon Academy football team is fast rounding into shape. The work prior to this week has been devoted mostly to developing a defense. During this last week, however, a great improvement has been made in the ofiense, and team work has been develop-

The letter men back are: Captain The letter men back are: Captain Robertson, who is playing his usual steady game at right half; stolle, last year's fast and heady quarter; Morton, last year's star guard, and Cowell, last year's powerful centre, who has been out of the game on account of sickness. From last year's scrubs, Thomas, Chewning, Byrd and King are thewing up well. showing up weft.

Among the promising new Gibbs. Harkins. Caldwell, Keel and Hawthorne, in the back field; Ramsey, Scholy. Wyatt, Marks and Copley, in the line, and Wood, Bishop, Meredith and Dodson, on ends. The team, while not as heavy as that of last year, more than makes up for the difference in speed and fighting spirit.

Three games have been played thus far, each of which resulted in a vic-tory for Eandolph-Macon. On Septem-ber 28, Bedford was defeated, 6 to 0; on October 5, the strong Roanoke College team was defeated in Salem, 6 to 0, and on October 12, Jefferson Athletic Club, of Roanoke, was vanquished, 20 to 0. Manager Cowell has succeeded in arranging an unusually good schedule: October 21—Cluster Springs Acad-

DOWN the Alleys

BY WHIT WHITMAN.

The howlers are now ready for the big battle, and the coming week will produce some real and classy bowlins. Many new leagues have been organized and great rivalry will exist for the winter months. All alleys in this city, as well as Petersburg, will be represented by one or more teams. The Richmond Bowling Association will begin playing their regular games this work, and several new leagues will open in a few weeks.

It was found impossible to get eight strong organized teams in the Richmond Association this reason, and the officials agreed to operate a six team circuit. This no doubt will prove of interest to the league, as it will not be nip and tuck as to who will will not be nip and tuck as to who will will not be nip and tuck as to who will will not be nip and tuck as to who will will not be nip and tuck as to who will will not in this big race. Following is the lineup of the teams and the schedule for the seasons and the schedule for

With Antomobilists

There is at least one Young woman in the Sunny Bouth who believes that the equality of men and women can be demonstrated even in the selling of automobiles, and she has sone so far as to produce the actual results to back up her theory. The young woman is Miss May Sue Brarai, of Birmingham, Ala., and her record as a motor car saleswoman was made with the Marmon car. Miss Brarai has recently been connected with the office department of the Highland Garage, Birmingham representative for Nordyke and Marmon Company, of Indianapolis. She watched the success, which attended the Marmon salesmen, and before long decided that a car which was as much in demand as the Marmon could be sold by a woman as well as man.

George M. Dickson, general ma of the National "40" company at Indianapolis, expresses the sincere opinion that if the crusade for good road is to win out, the automobile trade

The Federal Rubber Manufacturing Company, of Milwaukee, on Saturday filed in the office of the Secretary of State amendments to its articles of association, increasing its explical stock from \$1,000,000 to \$2,000,000, the increase consisting of 7 per cent preferred stock, redgemable at 126.

The increased capitalization has been made necessary by the growth of the Federal company's business as the past year, during which the actual sales have exceeded the estimated sales by \$400,000, and to provide for future expansion.

The Federal Rubber Manufacturing is choice for a federal to find a says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers had taken bone fide or even a picture of them," says Mr. Howard, "our dealers for 3,000 et these cars. We believe that this situation lilustrates a degree of confidence for which it would be hard to find a parallel anywhere. Several things have been responsible for this. One is that we manufactured 12,000 cars list year and 90 per cent of our dealers had taken bone fills at the carting illustrates a degree of them," says Mr. Howard, "our dealers had taken bone fill year for which it would be hard to find a parallel anywhere. Several things have been responsible for this. One is that we manufactured 12,000 cars list year and 90 per cent of our dealers had taken bone from the fill year and 90 per cent of our dealers had taken bone from the fill year. It was a fill year and 90 per cent of our dealers had taken bone for which it would be hard to find a parallel anywhere. Several things had the provide for which it would be hard to find a parall

cent more if we could have supplied them. "For 1913 we will make 15,000 cars, and every one of them has been con-tracted for by our dealers, and orders have already been taken for more than one-third of the entire production. Although we now know that this out-put will not be large enough, it is our maximum production."
